Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., — April 15, 1898

The Superintendent, U.S. Mint,

Philadelphia, Pa.

Sir:

Referring to your letter of the 11th inst., in reference to paying the employes the full amount of wages on the last working day of each month, I have to say that I leave the matter entirely to you, and you can exercise your own judgment.

Very respectfully,

Director.

I would pay them on the two last days of the month. The only risk you take is in case of death before pay day at the end of the month. E. A. L.
